● 2009 - 2021

2021

William Harcourt (University of St Andrews) Measuring and monitoring glacier calving in Svalbard using a multisensor approach

Hao Lu (University of Exeter) Sustainable conservation of vernacular heritage in Chinese villages: case studies of Jiangxi and Hubei Provinces

Daniela Soto (University of Sussex) The Lithium Pyramid in South America: narratives and territorialities in the context of lithium extraction

Lydia Katsis (University of Southampton) Safeguarding the tropical forests of Belize: integrating the acoustic landscape into anti-poaching patrol design and evaluation

Emanuele Amo (Aberystwyth University) The theoretical and practical impact of Slow Food's communities on the notion of food sovereignty

Holly Chubb (Newcastle University) The implications of glacier recession for mass movement processes and hazards

Viviana Pupeza (University of Cambridge) Cape to Cairo Urban Transformations under Cecil Rhodes, 1890-1914

Amy Reid (Ulster University) Investigating the relationship between emotional geographies and border politics in post-conflict Cyprus

Leandra Stracquadanio (University of Brighton) African Ground pangolin (*Smutsia temminckii*) distribution and behavioural ecology in relation to electric fences

2020

Yu-Kai Liao (Durham University) Crustacean Capitalism in The Amphibious Mekong Delta: Dynamic Relations of Land-water and Agro-aquaculture

Casarin Giada (University of Bristol) Social mixing in schools and neighbourhoods. A comparative study of Italy and the UK

Gergana Daskalova (University of Edinburgh) Shifting Arctic landscapes and biodiversity change in a warming tundra

Georgia Hollands (University of Southampton) The influence of landscape on bee stressors in Belize

Nathaniel Baurley (University of Southampton) The use of ultra-high resolution UAV imagery in mapping the distribution and long-term evolution of surface features on the lower ice surface of an actively calving glacier in SE Iceland

Cristina Balaban (Durham University) Testing the competing influence of winds and topography during the past glaciation of the Southern Carpathians, Romania

Hibba Mazhary (University of Oxford) Distancing death: Welfare, slaughter and consumption in the British halal meat industry

Liam Taylor (University of Leeds) Developing a novel open source early warning system for glacial outburst floods

Meiyun Meng (Birkbeck, University of London) Highly Educated Female Migrants' Production of Home Spaces and Their Negotiations of Gendered Power in Contemporary Shenzhen

Sarah Fischel (University College London) Multi-Species Care and Coral Reef Restoration in Bonaire

Kate Hood (Queen Mary University of London) Im/possible ecologies: poetic geographies in and against the Anthropocene - fieldwork was unable to do ahead due to the COVID-19 pandemic.

Benjamin Boyes (University of Brighton) Deglaciation of the Kola Peninsula, northwest Arctic Russia, during the Last Glacial-Interglacial Transition - fieldwork was unable to do ahead due to the COVID-19 pandemic.

2019

Nathaniel Baurley (University of Southampton). 'A spatio-temporal glaciological analysis of adjacent lacustrine calving glaciers in SE Iceland using repeat UAV photogrammetric surveys'

Alvaro Castilla-Beltran (University of Southampton). 'Remaining a 'wild' island? Reconstructing the long-term ecology of the island of Brava, Cape Verde'

Dario Zambrano (University of Leeds). 'People, forest and carbon: linkages between equity and forest conservation'

Hazel Vallack (University of Bristol). 'A process-based evaluation of reflux dolomitization in Abu Dhabi'

Kirstie Kwarteng (SOAS, University of London). 'The transnational practices of second generation Ghanaians: a comparative study'

Shona Loong (University of Oxford). 'At the margins of a 'development darling': intersections between sovereignty, territory, and development in Karen State, Myanmar'

Craig Hammock (Swansea University). 'Joint inversion of geophysical data elucidating methane release from open-system pingos, Adventdalen, Svalbard'

Annabel Evans (Loughborough University). 'People and place in contentious space: housing as socio-spatial praxis in the West Bank'

Valentina Ndolo (University of Cambridge). 'Assessing anthrax occurrence patterns in Uganda using ecological niche modelling'

Chiara Bancone (University College London). 'Temporal and spatial distribution of microplastics in the sediments of UK rural and urban lakes'

Makoto Takahashi (University of Cambridge). 'Authority and dialogue: the ICRP's participatory dialogues in Fukushima (2011-2018)'

2018

James Allard (University of Manchester). 'Glaciation of the Balkans during the Late Pleistocene: Extent, timing and climatic significance'. *James Allard received the Dudley Stamp Geographical Field Group Award for fieldwork design.*

Danielle Buchanan (University of Glasgow). 'Seasonal to decadal-scale erosion of a rock coast system: platform erosion and boulder transport dynamics'

Lucy Millington (Durham University). 'The use of regenerating forest by two frugivorous primates in the Peruvian Amazon'

Dagmar Diesner (Coventry University). 'The Village in the City: Developing resilience and strategies of self-governance in case of Campi Aperti in Bologna, Italy'

Kerry Bobbins (University College London). 'Investigating the influence of the green infrastructure concept on urban governance in Johannesburg, South Africa'

Liam Saddington (University of Oxford). 'Kiribati and climate change: imaginations, anticipations and negotiations'

Harry Sanders (Loughborough University). 'Biotic versus abiotic forcing of fluvial sediment dynamics: How much sediment do crayfish supply to river systems?'

Leila Wilmers (Loughborough University). 'Nation, diversity and narratives of continuity: Urban citizen perspectives on Russia and its people'

Nelson Rodriguez (University of Manchester). 'Beans in the web of power: Brazilian soybean trade, financial capital, logistics and food politics'

Yu-Shan Tseng (Durham University). 'Insurgent OSS-enabled platforms in Madrid and Taiwan: Direct democracy and cyborg ontology'

Peipei Chen (University of Southampton). 'Creative practitioners' relocation to rural areas in Zhejiang province, China'

2017

Morgan Saeg (Cambridge University). 'Equal Opportunities on Ice: Gendered institutional change in 20th century Antarctic science'.

Paolo Strampelli (Oxford University). 'Informing large carnivore conservation and conflict mitigation strategies in Tanzania's Ruaha-Rungwa through large-scale assessments of status, distribution and threats'.

Nida Rehman (Cambridge University). 'Urban Vectors: The Politics and Practices of Public Health in Lahore'.

Jo Hickman Dunne (Loughborough University). 'People, Place, Process: Geographies of Outdoor Education in the Outward Bound Trust'.

Jess Fisher (Kent University). 'Benefits of biodiversity: human-wildlife interactions in urban Guyana'.

Gemma Ives (Sheffield University). 'A documentary reconstruction of the Indian monsoon from 1730 to present and its implications for society'.

Emily Potter (Cambridge University). 'High-altitude meteorological analysis of the Khumbu Valley, Nepalese Himalayas'.

Matthew Tomkins (Manchester University). 'Schmidt Hammer exposure dating (SHED): A new calibration curve for the Pyrenees'.

Hadyn Thomas (Edinburgh University). 'Experimental assessment of growth and phenology of Arctic tundra shrubs'.

Julia Kelly (Swansea University). 'GREENhouse GAs flux uPscaling (GREEN GAP) – improved understanding of key ecosystem processes using remote sensing and ground-based measurements'.

Linley Hastewell (Portsmouth University). 'The effect of storm waves on boulder transport and shore platform evolution at Bembridge, Isle of Wight'.

2016

Chantal Radley (Open University). 'The Chilean Diaspora and the Making of Chilean Development: UK Based Chileans, Transnational Identities and Relationships to Home'

Paul Weber (Portsmouth University). 'Ice-marginal processes and retreat dynamics of the plateau icefield Hardangerjøk'

Charlotte Clarke (University of Southampton). 'Survival in the cold: Uncovering cryptic glacial refugia for boreal and Arctic tundra plants using ancient DNA (aDNA) from lake sediments'

Jazmin Scarlett (Hull University). 'The development of co-volcanic societies: the reciprocal relationships between the volcano La Soufrière and the society of St. Vincent, Lesser Antilles'

Reshaad Durgahee (University of Nottingham). 'Experiences of indentured labour and transnational identity in Mauritius and Fiji'.

Vaibhav Kaul (University of Sheffield). 'Understanding and enhancing the adaptation and resilience of remote high-mountain communities to hydro-meteorological extremes and associated geophysical hazards in a changing climate'.

2014

Dr Hilary Bishop (Liverpool John Moores University). 'Organic Farming in West Cork: Development, Growth and Success'

Cianna Wyshnytzky (Queen Mary, University of London). 'Timing and processes of annual moraine formation at Silvrettagletscher, Switzerland: Implications for glacier dynamics and climate studies'

Nathan Thomas (Aberystwyth University). 'Application of ALOS PALSAR for mapping global mangrove extent 1996-2010'

Matthew Hannaford (University of Sheffield). 'The consequences of past climate change for state formation and security in southern Africa'

Alexander Chapman (University of Southampton). 'Adapting to sediment service loss in the Mekong Delta'

Jennifer Adams (University College London). 'Long-term palaeo-climate reconstructions from Lake Gusinoe, Siberia'

Yimin Zhao (London School of Economics). 'Modernisation Discourse, Land Expropriation Projects, and the Making of China's Local State Space in the Urbanisation Process – Case Studies of Beijing and Datong'

Jamie Wood (University of Gloucestershire). 'Optical dating of blocked-valley lake storm deposits in eastern South Africa'

Hazel Long (University of Glasgow). 'The controls and magnitude of CO₂ efflux from melting permafrost in Greenland'

Thomas Mockford (University of Loughborough). 'The relationship between glacial outwash channel evolution and glacial dust emissions: UAV and field measurements from Southern Iceland'

Sudhir Tripathi (University of Hertfordshire). 'An investigation into the resilience and sustainability of a traditional water management system in the Western Ghats of India'
