

Population trends

Year	Population	Year	Population
1801	3082	1901	9099
1811	3447	1911	11,048
1821	4400	1921	12,114
1831	5021	1931	13,387
1841	5429	1951	21,050
1851	6081	1961	27,923
1861	6168	1971	40,542
1871	6962	1981	48,000
1881	7795	1991	51,999
1891	8680	2001	56,392

The data in this table is for Aylesbury in Buckinghamshire. Teachers will need to insert data for their own local area using the websites in the teacher's factsheet which accompanies this unit. Then delete this speech bubble!

Use the information in the table on the left to plot a line graph showing the population of your local area over time. You will need to think carefully about the 'population' axis. When you have plotted all of your points join them up with a neat freehand curve. Then add a suitable title.
