

# Comparing Weather

How does the weather compare in mountain environments?

Name three mountain locations you would like to investigate.

1.

---

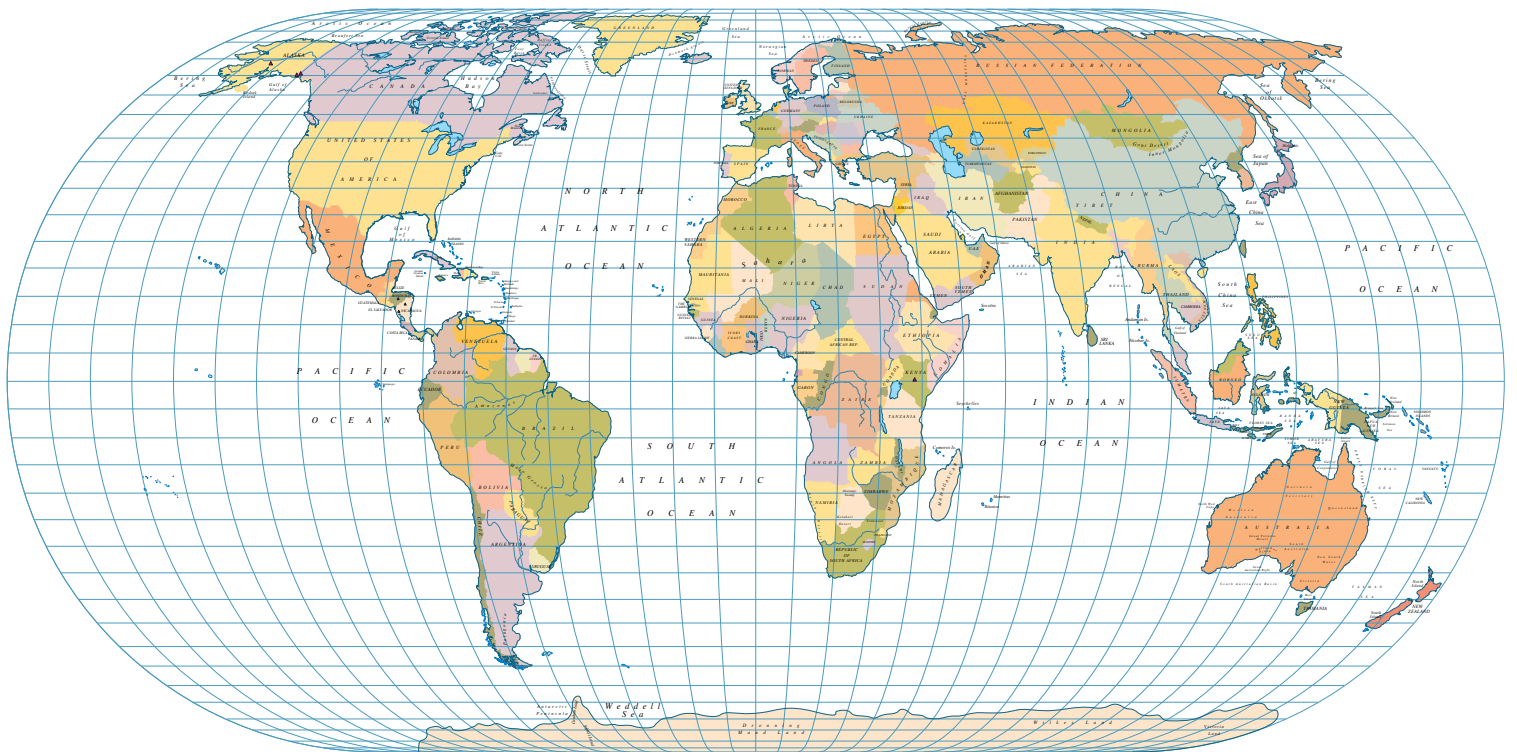

2.

---

3.

---

Mark your locations on the world map.

# Comparing Weather

Use the internet to find information about today's weather at your chosen locations, to complete the table below.

Attention: make sure you record the latest weather data for all your locations.

Mountain locality	Weather	Temperature °C	Wind speed mph

Are there any similarities or differences in the weather in these places?
