Alex Henry (University of Oxford)

Dimensions and characteristics of low-level jets in the central-western Sahara during boreal summer: Airborne observations from the Fennec Campaign

Bridging Urban Divides? The Clichy-Batignolles Urban Development Project, Paris

A reconstruction of water mass distributions in the Faroe-Shetland Channel using Parametric Optimum Multi-Parameter analysis

Not so radical after all? Revisiting 'Walking to New York' as a psychogeographic experiment

Hydrochemical and Hydrological profiling of Leverett Glacier, Greenland

'I ain't goin in there. Everyone'll think I'm a girl!'; The Gendered Geographies of a Reception classroom

The modification of the urban climate by small parks in Sheffield, UK

From Local Buzz to Global Pipelines: A Question of Firm Maturity

*An Exposé of the Critically Endangered Palm *Dypsis saintelupei* Endemic to the Littoral Forest Mosaic of South East Madagascar*

Bodies, Homes and Institutions: Constructed and Contested Identities at the End of the Lifecourse

Hugh Wright (University of Oxford)

The avifaunal biogeography of the Blackdown Hills, England: A comparative evaluation of incidence functions

2006

Gerard Jennings (St Mary's College)

The Production of Nationalist Iconography in O'Connell Street: A Study of Dublin's Monumental Landscape

2005

Caroline Parks (University of Manchester)

Category C call misuse: low priority, high cost? Greater Manchester Ambulance Service

2004

Laura Pitcher (University College London)

It's bringing it all back...Exploring (re)representation and epiphany in gap-year material culture

2003*

Guy Schumann (Dundee University)

Application of a degree-day model on a Swiss glacierised catchment to determine snow depth for improved neural network discharge forecast

Katrina Hann (University of Oxford)

The production of Broughton Park: contextualising Lefebvre in an Orthodox Jewish Community

2002*

Alexander Lewis (University of Durham)

An investigation into the transfer and use of agricultural information in an Indian farming community

Gary Davies (University of Edinburgh)

Light pollution as an environmental hazard

2001

Sarah Wall-Budden (Royal Holloway, University of London)

People and their Plants

Frances Morton (University of Strathclyde)

Galway city and the music of place

Katherine Wilson (University of Edinburgh)

The spatial variability of nitrogen dioxide in Mumbai, India

1999

Nicholas Rosser (Durham University)

A flume investigation into the influence of rock fragments on scour and deposition characteristics

1998*

Joseph Ballard (University of Oxford)

The mobility and morphology of Barchan sand dunes

Adam Millard-Ball (Edinburgh University)

Gentrification in Stockholm: Social change, tenure change and residential mobility in a mixed economy

1997*

Sarah Selby (University of Edinburgh)

Assessment of Effects of Mennonite Agriculture in Wetland Ecology.

Deborah Johnson (University of Cambridge)

The Norwegian Open Air Folk Museum and its role in the preservation and representation of past Scandinavian Cultures

1996

Richard Perkins (University of Oxford)

Environmental impact assessment of a woodland buffer strip project in the Slapton catchment, South Devon

1995*

A Mallett (University College Durham)

Equal at Last? A time-space analysis of the life-styles of a group of predominantly older male and female academics.

The effect of Roman occupation on vegetation in the north British frontier zone: a palynological study of ditch deposits at Vindolanda Roman Fort, Northumberland

Resource Management: a Study of Potential Conflicts between Human Activity and Natural Vegetation in the Sonoran Desert

Vegetation succession and the associated pedological changes in reclaimed chalk quarry

The historical geography of retailing in Kassel: 1873-1900

An evaluation of how short-term changes in channel morphology relate to the hydraulics of flow through the braided reach of a gravel-bedded proglacial stream

The impact of residential development upon the Isle of Wight Area of Outstanding Natural Beauty

Late Enclosure on the Welsh Borderland

The distribution and behaviour of Icebergs on the South Pacific Sector of the Southern Ocean

.....

1987

T Dawson-Munoz (University of Oxford)

Dirt Ogives on the Mer de Glace

.....

All dates refer to the year each dissertation was submitted. Prizes were presented during the summer of the following year.

**Two awards given*
